## PROFILE

I am a Lithuanian ux & ui designer with 4 years of experience in this field. I love participating in challenging projects, startups. During these years I've worked with numerous clients, through different agencies and independently. A lot of care, effort & passion goes into my work. I love to design in a clean, smart and effective way. My main goals are to make sure my customers are happy about the work I've done and to remain addicted to a constant and never-ending self-improvement.
